### DETAILED ACTION

Receipt is acknowledged of the Applicant's Remarks filed on 1/9/2006.

#### ***Allowable Subject Matter***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Donna Robertson-Chow on 3/28/2006.

1. In claim 1, at page 2, line 1, delete "A method" and insert "An anhydrous method".
2. In claim 22, at page 4, line 12, delete "A method" and insert "An anhydrous method".
3. In claim 23, at page 5, line 14, delete "23." And insert "24."
4. Claims 1-24 are allowed.

### **REASONS FOR ALLOWANCE**

5. The following is an examiner's statement of reasons for allowance: The art does not disclose or fairly suggest an anhydrous composition comprising the essential elements of the instant claim 1. As a result, the instant claims 1-24 are in condition for allowance. It should be noted that the addition of the term "anhydrous" in the preamble of claims 1 and 22 helps to distinguish it over the closest prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
